

Remarks/Arguments

By this Amendment, the claims have been amended to render moot the rejections under 35 USC ¶102 and ¶103, and to thereby place the application in early condition for allowance.

Initially, it is noted that claim 10 has been amended and new claim 14 added for the purpose of separately reciting the two chlorine level ranges.

Further, apparatus claims 1-8 have been canceled without prejudice or disclaimer of their subject matter.

Still further, allowable dependent claim 9 has been amended to include the subject matter of original independent claim 1. Noting the claims 10-12 and 14 depend from claim 9, it is believed that claims 9-12 and 14 are in condition for allowance.

No other issues remaining, early allowance of the present application having pending claims 9-12 and 14 is requested.

Respectfully submitted,
